I like the person I am today. Everybody likes to be somebody.

Kody's 5k is a tribute to Kody Pelly (July 5, 1990 - Dec. 6, 2013). He lived a life that set an example for each of us. We should treat one another with respect, kindness, compassion and most importantly love. Many people have made the statement, "If everyone was like Kody this would be a better place" and that is 100% true.
